ITALIAN GENIUS FOR DRUMMERS

Since 1984

## Italian Genius Finally Arrives in Malaysia

1984 witnessed the development of a new way of conceiving, manufacturing, tuning and playing the acoustic drums. The innovative **Tamburo** drums, boasting numerous imitation attempts, stemmed from a musician's search for new and more stimulating sounds.

**T5** series represents the summary of Tamburo's philosophy: exceptional care for sound and professional hardware. Experience and artisan story has been extended to all drummers.

This new series with a price extremely aggressive can give a drum kit excellent performance. Hardware with double legs, pedal for bass drum, drum throne, wood snare, barrel in Agathis and poplar wood covered with three different finishes. Now Tamburo can offer an instrument ready to be played, essential, with a modern look which could satisfy every needs and sort of music.
